**TECHNICAL SPECIFICATION****SKID STEER LOADER**

Ministry of Public Works and Housing is calling for the supply of brand new (SKID STEER LOADER)

QUANTITY REQUIRED ( 2 ).

MANUFACTURING YEAR (CURRENT YEAR OR ABOVE).

**SKID STEER LOADER****Requirement of technical specifications****Offered specifications**

Model: current year or above

Country of origin

Delivery not more than 180 days

**General**

Operating weight - not less than 2.7 tons, (including standard equipment construction options)

Maximum dump height - not less than 2150 mm

Tipping load - not less than 1250 kg

**Electrical system**

12 V - DC - Starter, Alternator, and batteries

Front, rear, night operation, and cab lights

Horn and back up alarms

Beacon

**Engine**

Diesel engine

Power output not less than 60 Hp

Torque and fuel consumption(liter/hr) should be mentioned

**Transmission**

Full power shift or auto shift or manual shift

**Steering**

should be mentioned

**Brakes**

Should be mentioned

**Tires**

Size: should be mentioned

Type: should be mentioned

**Operator compartment and structures**

Rollover protective structure (ROPS)/ Falling object protective structure (FOPS) cab

Air condition, heater, defroster

Standard instrument panel inside cab with all gauges and meters (metric system shall be used)

All the important guards for (engine, transmission, radiator, etc....)

**Bucket**

General purpose bucket with with proper cutting edge and extra cutting edge for free

Fully hydraulic operated with controls located in the operator's compartment

Capacity of the bucket not less than 0,3 m3

**Cab and Comfortable and Safety**

should be mentioned

**Accessories**

Operating, maintenance, spare parts and workshop manuals for each unit

Manufacturer's standard tool set includes wheel changing tools with hydraulic jack

Fire extinguisher
